

BOUNCE Forward

Rising above COVID-19

Partnering Temasek Foundation and others to fight COVID-19 and support those affected by it

StayMasked

Over 30 million reusable antimicrobial masks distributed via vending machines in Singapore

#BYOBclean

Hand sanitisers for Singapore households
"Bring Your Own Bottle" (BYOB) sustainability concept to reuse bottles and reduce plastic waste

Community Screening

Facilitated around 200,000 swab tests in the community for workers with many daily contacts such as hawker stallholders, cleaners, and food delivery personnel

Vitamin D Distribution

More than 100,000 bottles of Vitamin D3 given to vulnerable families, seniors, and expectant mothers

Automated COVID-19 PCR* Testing

Partnered diagnostics laboratories to automate PCR testing for over 1 million PCR tests

* Polymerase Chain Reaction

oscar@sg fund

Supporting more than 200 ground-up projects to serve communities affected by COVID-19

Scan to propose a project to support communities affected by COVID-19 to oscar@sg fund

CareNights@ Morning Star

Provides free night care for children from 6 – 10pm to give working parents a respite

VintageRadio.SG

Not-for-profit digital app that curates multi-lingual content for seniors such as nostalgic tunes

International outreach

Temasek Foundation has provided COVID-19 related supplies to some 40 countries outside of Singapore

6,300 PCR test kits enabling over 1 million diagnostic tests

Over 27 million surgical, N95 and KN95 masks for hospital and frontline workers

Over 30,000 units of oxygen support and ICU-grade ventilation equipment, including ECMO "artificial lung" machines

Transporting supplies to pandemic frontlines

Temasek Foundation worked with Singapore Airlines to sponsor some 40 flights for the World Food Programme to carry essential medical supplies to Asia and the Pacific
